

ICE LANTERN

Dazzling frozen lanterns steal the show any time of year!

Fill the Ice Lantern mold with water and freeze. Un-mold, set a candle in the center cavity and enjoy the glimmering crystals from the lighted flame. Drop herbs, ornaments, brightly colored beads, party favors, in the water before freezing to celebrate a special occasion. A few scoops of ice cream in the center becomes a “cool” party by itself! Use the durable polypropylene mold over and over again. Two sizes are available.
