

Let the Pros do it for you.

Let trained professionals assemble and install your beautiful new greenhouse! From inspecting the job site, to assembly, to final inspection, you can count on a hassle free, top quality, and fully warranted installation. You can rest assured that the independent contractor will provide top quality service and support your peace of mind.

How the service works?

Once you've decided on the service that is right for you and after submitting a request, a trained professional will conduct a full research on your project then contact you with the details free of cost. Only when you have fully agreed to the service details, our sales associate will create a complete order for your project or if it is required, assist you in purchasing a pre-assembly on-site inspection.

What is SERVICE *Inspection*?

Is your assembly site leveled to the products expectations? Is your installation site currently ready to support your new greenhouse? What areas in your installation site need to be prepped prior to product assembly? If you can not answer these questions confidently and accurately, **SERVICE *Inspection*** is for you. With an inspection, the independent contractor will assess your desired site for various key pre-assembly items which will give you the peace of mind to ensure a safe and proper assembly.

What On-site preparation is needed?

Below is simple checklist to help you prepare the site for assembly:

Inspection Checklist

Location	YES	NO
1. The surface area is clear of brush and debris.	_____	_____
2. The proposed location for assembly is surrounded by trees or structures.	_____	_____
3. The location will receive direct sunlight all day long?	_____	_____
4. Will the location receive a large amount of wind?	_____	_____
Foundation		
1. The ground is level and ready for assembly.	_____	_____
2. Will you want your greenhouse to sit on your surface without a foundation?	_____	_____
3. Is there a wood or concrete slab the greenhouse will sit on?	_____	_____
a. If no, do you want to build one?	_____	_____
Electric / Gas / Water		
1. Is there electricity available at the assembly site?	_____	_____
a. Will you want to have electricity run to your assembly site?	_____	_____
2. Is there water available at the assembly site?	_____	_____
a. Will you want to have water run to your assembly site?	_____	_____
3. Is there natural gas available at the assembly site?	_____	_____
a. Will you want to have natural gas run to your assembly site?	_____	_____

How much does it cost?

Fortunately the cost for peace of mind is minimal. **SERVICE *Inspection*** can vary from \$85 - \$145.00 depending on your geographical location.

SERVICE <i>Inspection</i> Items	Hrs.	Green Zone	Yellow Zone	Red Zone
Inspection Fee / Trip Charge Fee	1	\$ 85	\$ 115	\$ 145

*Pricing is subject to contractor availability.

*Please contact us at (800) 377-3678 ext. 3070 to confirm your pricing zone.

What is included in the cost?

The professional installer will inspect the site for various key assembly items that will ensure a proper and safe assembly. They will complete an inspection form which will provide a snap-shot of the site which will be used to determine if any necessary pre-assembly site work is needed.

What is **SERVICEAssembly**?

If you do not have the time or desire to take on a project of this size...then **SERVICEAssembly** is for you. The pre-screened and professional installers are trained to assemble your beautiful new greenhouse within 8 – 12 hours (depending on your model). We highly recommend the **SERVICEAssembly** to ensure a proper and safe installation of your greenhouse being that it is recommended that a minimum of 2 individuals be used at the time of the assembly.

How much does it cost?

SERVICEAssembly is subject to the same cost factor as **SERVICEInspection** in that it will vary based on your geographical location. Below is a list of pricing associated with the specific model and accessories available through the service. It is important to point out all accessory items that have been purchased along with your greenhouse to receive the most accurate quote.

What is included in the cost?

The cost for **SERVICEAssembly** is for the complete assembly of your greenhouse. Additional charges apply for accessory items purchased. Be sure to indicate any and all accessories purchased to our sales associate for proper costing.

Is there warranty with the service?

Yes, there is a six(6)month limited warranty to ensure the assembly will be free of errors in workmanship. The assembly will be performed by a third party independent contractor who we have trained and who will enter into a direct contract with you for the work and will provide the warranty just mentioned.

What's next...

Take the time to fill out the service request information below. Our Sales Associate will contact you within 48 hours with the cost and steps to follow.
