

Pre-Installation Questionnaire

1. Will there be a person 18 years of age or older present and authorized to sign the completed work order?
2. Is there a clear work area for the Contractor, ensuring no obstacles are in the way (i.e. bushes, trees, debris)?
****If not, additional charges may apply.*
3. Will the Contractor need to move the greenhouse?
 - a. If so, is the path from the original location to assembly area clear?
 - b. If so, to where?
 - c. Is it more than 250ft?
****If so, additional charges may apply.*
 - d. Is the path to assembly area level ground? (i.e. no steps, slope, etc)
****If it is not, additional charges may apply.*
4. Do you have in ground sprinkles, watering system or any other underground obstacles you may know of?
5. Is the foundation flat, level and capable of holding a greenhouse?
****If leveling is needed, additional charges may apply.*
6. Is the installation site on a slope?
 - a. Are there any electric lines over the assembly site?
 - b. If so, how far above the ground?
7. Is the assembly area in a legal location, not blocking access to other parking, etc?
8. Will the Contractor need to relocate gas lines, electrical lines or water supply lines?
******If so, this needs to be relocated before the Contractor is sent out.*
9. Have you measured the installation site to assure that the green house fits?
