		Cathedral in Black	Cathedral Black	Black	\$35,999		
	NEW	MODERN Greenhouse M23, M34 and M36: Basically a free standing "Lean-To" with a straight wall and a single sloped roof. The aluminum rafters & roof profiles are twice the thickness of standard units to support the long roof span. Larger units (M34/M36) include additional cross supports. We have pictures showing details. This unique design will come standard with a set of double hinged doors, roof and side windows. Due to large roof glass, use of scaffolding is strongly recommended during assembly. M23: 1 set of double hinged door: 2 roof windows w/1 spindle 1 auto opener; 2 push out and 1 louvre window; M34 1 set of double hinged door: 2 roof windows w/1 spindle 1 auto opener; 2 push out and 2 louvre window; M 36 same as M34. NOTE: IN 2024, the M34 and M36 models have traditional 4 cm overlapped glass panels on the roof rather than a single pane for ease & safety of delivery,	M23 Modern (7'9" x 10'2")	BLACK ONLY	\$12,999.00	79 sq.ft. Additional Single Sliding Door		Extra Single Sliding Door for Royal Victorian Greenhouse	VI DEUR73 Green	dark green	\$450.00		Belgium
Additional Single Sliding Door		Extra Single Sliding Door for Royal Victorian Greenhouse	VI DEUR73 Black	black	\$450.00		Belgium
		Fly Screen door - sliding - mounted on the inside wall of the greenhouse. Black or Green. Unit is factory pre- assembled - therefore very hard & expensive to ship as an individual item - should only be bought with a greenhouse. IMPORTANT NOTE: NOT COMPATIBLE with knee walls, mounting on long sidewalls w/ shadecloth or deco scrolls!!! NOTE: Janssens is discontinuing the FLY Screen doors: too expensive - not enough demand - inventory as long as it lasts.	VI FLY Door Green	green	\$750.00		Belgium
			VI FLY Door Black	black			
	NEW	Lower-Threshold for single Sliding doors - 27 5/8" : only 1 1/4" high versus 4.5" Foundation Frame (customer has to cut the Foundation Frame themselves!!!!) This is a new kit with a "full" frame around the door opening Now includes lock for sliding door	VI KSD 70 Green	dark green	\$210.00		Belgium
			VI KSD 70 Black	black			
		Lower-Threshold for DOUBLE Sliding doors - 56 3/4" : only 1 1/4" high versus 4.5" Foundation Frame (customer has to cut the Foundation Frame themselves!!!!) This is a new double door opening kit with a full frame. Now also includes lock for sliding door	VI KSD 144 Green	dark green	\$250.00		Belgium
			VI KSD 144 Black	black			

Product	Notes	Product Description	Item #	Color	Retail Price	Size	Country of Origin
		<p>Single Hinged Door with door holder - much superior to sliding doors - folds into the greenhouse frame - better seal - and proper locking. Door comes with it is own outer frame which sits low to the ground and provides a "low-threshold" opening - customer has to cut section out of Foundation Frame.</p> <p>Important Note: can not ship by UPS/FEDEX - has to go freight - usually at least \$400 - but no extra freight to ship with a greenhouse!!</p>	VI HD Green	dark green	\$1,199.00		Belgium
			VI HD Black	black

			VI HDD Black	black			
		<p>Drop-Door Kit - for sliding doors - made by Exaco - allows a standard Royal Victorian greenhouse to be placed on a knee/stem wall - usually 20" - 36" high (24" might be best). This Kit does not include the new glass panels needed above the doors - they should be ordered locally to size. We can supply extra polycarbonate for customer to cut to size. NOTE: We strongly suggest also using the new "Lowered Threshold" with "dropped" sliding doors. See above. We send enough material for 30" walls if more is needed let us know.</p> <p>Drop-Door Kit - Hinged Door - made by Exaco - this allows a standard Royal Victorian greenhouse to be placed on a knee/stem wall - usually 20" - 36" high (24" might be best). This Kit does not include the new glass panels needed above the doors - they should be ordered locally to size. We can supply extra polycarbonate for customer to cut to size.
